ACKNOWLEDGES

- To God, for giving me the strength needed to succeed and to be able to undertake the route of the work and the personal overcoming.

- To my parents, Douglas and Zoila, who have been my greater supports during my life. This work is dedicated to you, beloved parents.

- To my tutors, Dr. Francesc Robuste (UPC) and Ing. Mario Aymerich (EIB).

- To Mr. Mateo Turró, from the EIB.

- To the Ing. Jaime Ramirez Ayala, for his cooperation in the development of this work.

- To my university professors, Ing. Hugo Morales Sosa and Ing. Julio Cesar Checo.

- To my brothers (Adalberto and Iván), grandparents (Bertha, Miladys, Ramón and Ferdinando), uncles, cousins and others relatives.

- And, last but definitely not less important. To my FRIENDS.
