New Book

Members of SARTI have published a new book in instrumentation control research. LabVIEW 7.1 follows the previous editions and will be a key tool in the training courses carried out in National Instruments training rooms in Vilanova i la Geltru Technological Center, courses which the authors as NICIs organize.

Two patents have been presented

Automatic calculation of professional verbal time take up of a doctor in a clinical interview with application to any other interview (time-take up-meter).

Mànuel-Làzaro Antonio., Del Río Fernández Joaquín, Borrell Carrió Francisco

Application nº P200402327, Spanish brand and patent office. Invention patent, 30th Sep 2004.

Vehicle CAN parameter control and monitoring.

Del Río Fernández Joaquín, Mànuel-Làzaro Antonio, Jiménez Bargalló José Antonio.

Application nº P200400542 Spanish brand and patent office. Invention patent, 4th March 2004.
