## INTRODUCCIÓ

El present document recull les publicacions indexades a la base de dades Scopus durant el període comprès entre el mesos de gener i desembre de l'any 2016, escrits per autors pertanyents a l'ESAB (segons directori de l'escola i dades de Futur, el portal de la recerca a la UPC: <http://futur.upc.edu/ESAB>). Es presenten les dades recollides segons la font on s'ha publicat, els autors que han publicat, i el tipus de document publicat. S'hi inclou a l'Annex 1, una llista de totes les referències bibliogràfiques publicades. Les cerques s'han realitzat a principis de febrer de 2017.

Aquest document es complementa amb el primer informe Altmètric de la BCBL, on s'analitza la producció científica del professor Zein Kallas amb mètodes alternatius.

## RESULTAT

En aquest període (gener-desembre 2016), s'han publicat **59 documents**.

## REVISTES

A continuació es mostra una relació dels títols de les fonts on s'ha publicat més d'un article<sup>1</sup>, seguidament del nombre d'ítems totals que s'han publicat. La darrera columna indica el quartil de Journal Citation Reports on s'ubica aquesta revista (s'indica el millor quartil, si és que la revista es troba en més d'una categoria). S'ha emprat la darrera versió disponible de Journal Citation Reports en el moment de realitzar l'estudi, la del 2015.

TITOL DE LA REVISTA	ITEMS	QUARTIL
Frontiers in microbiology	3	1
Food quality and preference	2	1
Journal of environmental management	2	1
Meat science	2	1
Pest management science	2	1

<sup>1</sup> Per a consultar la llista de revistes on s'ha publicat només un article, consulteu l'Annex 2

## AUTORS

Es presenta en aquesta taula el nom dels autors que han publicat, seguidament del número d'articles que han publicat. S'enllaça al seu perfil de Futur (portal de la recerca de la UPC), on es poden consultar les seves publicacions, identificador ORCID, etc... Cal mencionar que el sumatori dels articles és superior al nombre d'articles totals publicats degut a les co-autories.
