

ERRATUM

Alonso JF, Romero, S, Mañanas MÀ, Riba J (2015) Genotypes Do Not Confer Risk For Serotonergic Psychedelics Temporarily Modify Information Transfer in Humans. *Int J Neuropsychopharmacol* 18(8). doi: 10.1093/ijnp/pyv039. In Volume 18, Issue 8 of *The International Journal of Neuropsychopharmacology*, DOI: 10.1093/ijnp/pyv039, the following corrections were not made:

1. Drs Alonso, Romero, and Mañanas are all affiliated with CIBER de Bioingeniería, Biomateriales y Nanomedicina, Spain.
2. On page 3 in the Statistical Analysis section, the following sentence did not include the correct in-text citation, Verfuß et al. 2007, but instead listed the year as 2006: "This omnibus test has been widely used in many studies in several fields such as primatology (Muniz et al., 2010), ecology (Verfuß et al. 2006), neurology, and pharmacology (Saletu et al., 2004, 2005; Alonso et al., 2010, Painold et al., 2011), among others. This statistic followed a binomial distribution under the null hypothesis of no changes anywhere (Cross and Chaffin, 1982)."
3. The following references were not included:
