### Laptop lending service and other equipment

The Library has **laptops and computer accessories**, for using in library and also locks and mouse for laptops, USB memory sticks, mobile phone chargers and a digital camera available to home users. Check the **UPC Libraries**

More **laptops and other equipment** are available in the other UPC libraries.

### Sanctions

Delays in returning documents or renewing your loans charge penalty points to your user account and you can be suspended to use this service during some days. The rules and regulations are set out in the **Regulation of the Lending Service of the UPC Libraries, Publications and Archives Service.**

### Consortia Borrowing Service (PUC)

Also, UPC students can use the **Consortia Borrowing Service (PUC)** that allows users to borrow documents from other Catalan public universities.

**Laptops Terms of Use** for an appropriate use of this service.

## Workspaces

The Library has 168 reading spaces. All of them have WIFI connection and most of them have also electrical connection. 8 user places are equipped with a computer.

There are also three A3 scanners for digitizing documentation. Remember to respect the intellectual property laws when you reproduce and use copyrighted information in your academic works.

### Individual and group study rooms

There are four study rooms for 1 or 2 people in our library. These study rooms are available only to UPC users. You can book and use them up to 3 hours per day, and up to 9 hours per week at most. In our [website](#), you can check their availability, book them or also book [other UPC libraries study rooms](#).

## Collections

Among the [UPC library collections](#), [ETSAB's](#) is specialized in architecture, construction, urban planning, landscape architecture, sustainability, art and design. You can find these resources through the [UPC Libraries catalogue](#), [databases](#) and [UPCommons](#) or through our [selection of specialized digital resources](#).

In the Library you will find the [bibliography from the syllabus](#) of the subjects taught at the ETSAB.

### Specialized books and journals, printed and online

All documents, both printed and online, held in the Library can be found in UPC Libraries catalogue. Search the catalogue in order to:

- Know which documents are available in any UPC library, locate them (floor and stack) according to the library plan or ask for them to the librarian at the -1 floor counter if they are stored in the warehouse.
- Access specialized books and journals.

### **Specialized information Service**

[ETSAB Library guide]

If you have any questions or doubts about searching specialized information, ask the librarians at counter or send an e-mail to [biblioteca.etsab@upc.edu](mailto:biblioteca.etsab@upc.edu).

## Information resources of architecture and urbanism

You have available a lot of resources specialized in architecture and urbanism very useful for your studies and research. Our [linked guide](#) and our [selection of specialized digital resources](#) aid you to locate the most useful for you.

## Sustainable Libraries

UPC Libraries have understood that most of the energy wasted does not only depend on the building, equipment or climate systems, but also it is a result of our attitudes, habits and working dynamics. We have written down some [Guidelines](#) for reaching an efficient and sustainable management of the energy needed for running the UPC Libraries.

## Collaborate with the Library

Send your suggestions, book purchasing recommendations, proposals to improve the library, etc. to [biblioteca.etsab@upc.edu](mailto:biblioteca.etsab@upc.edu).

A student from the [DedaB](#) is member of the library commission in ETSAB. Let us know your suggestions and requests through this School students representative body.
